Brukner & Khan

McGraw-Hill

RRP: \$189.95

## The bible of sports medicine!

It covers all aspects of diagnosis and management of sports related injuries

### Description

*Brukner and Khan's Clinical Sports Medicine* is the bible of sports medicine. The text explores all aspects of diagnosis and management of sports-related injuries and physical activity such as the fundamental principles of sports medicine, diagnosis and treatment of sports injuries, enhancement of sports performance and dealing with special groups of participants. Each chapter has been comprehensively reviewed and updated and there are 12 new chapters which cover topics such as military medicine, prevention of sudden cardiac death and the integration of evidence into clinical practice. The contributing authors are renowned experts in their field and are based all around the world.

The 4th edition is enhanced by a new companion website featuring 'Clinical Sports Medicine Masterclasses Online' - to this secure site via a pin-code included with the book. The site will include video clips of clinical examinations, interviews with leading experts and will be updated regularly.

### Key Features

- Companion website of 'Clinical Sports Medicine Masterclasses Online'
