Professional Practice: Precision and Benchmarking with Tanya Quod

With the increase in social media, blogging, websites and general internet usage, practitioners are faced almost daily with professional and even ethical decisions like never before. The discussion aims to assist practitioners in navigating the ever changing landscape within advertising and professional practice. As a Naturopath, lecturer and the naturopathic chair for ANTA, Tanya will discuss benchmarking and the importance of precision in communication.

Tanya Quod: BHSc Naturopathy. Tanya has qualifications in naturopathy, nutrition, western herbal medicine, yoga and higher education and has worked in both Australia and The United Kingdom within the educational field of natural medicine.

Stretching RX Implications to Muscle, Joint and Neural with Kevin McLean

Kevin McLean: Kevin has been a Remedial Therapist since 1995 and has lectured at the Endeavour College of Natural Health for 10 years. Kevin has worked with elite teams in such sports as Australian Cricket Team, Australian Soccer Teams, and Australian Rugby League and was involved in the 2000 Olympic games and the 2001 East Asian Games. He is a registered Remedial Therapist with the Queensland Academy of Sport since 1997. He has special interest in the continued education in the industry and has developed specific techniques to compliment his hands on skills.

Pediatrics in Traditional Chinese Medicine with Tony Reid

Tony presents an introduction to the unique approach to children's disorders found in Traditional Chinese Medicine. Children have many special physiological and psychological feature, which determine the way in which illness manifests; they are not to be regarded as 'miniature adults'. This presentation highlights the specific physiological feature of children along with their unique diagnostic indicators. Although Traditional Chinese pediatrics developed with the paradigm of TCM, you will find that the underlying principles are readily applicable to other modalities.

Tony Reid: Master of Acupuncture, Master of Traditional Chinese Medicine (Dist) (UWS), Dip TCM (SITCM)

Shaking Medicine with Rob Santich

The concept that meditation and stillness brings forth healing and relaxation is widely accepted. However it is less widely known that a state of arousal which is the complement to meditation can have the same effects. This discussion explores the ancient practice of shaking the body as a healing and stress relieving technique.

Rob Santich is a practising Naturopath specialising in herbal medicines and pediatrics. He is the co-author of the authoritative text "Healthy Children: Optimising Children's Health with Herbs. Aside from clinical practice, Rob is also a highly regarded herbal educator, lecturing in the USA and at the University of New England, Armidale, NSW. Rob is also a technical consultant for MediHerb.
